

SAID ON THE SIDE BY DISTRICT POLITICAL GOSSIPS

MATT DONOHUE'S FRIENDS CALL ON MR. MURPHY.

When Matt Donohue's friends from the Twenty-first Assembly District called on Mr. Murphy at Tammany Hall yesterday, a contingent that had been sent along by S. L. Manheimer got the lead and was first on the steps of the Hall. They waited for the rest of the crowd to come along and while they were waiting one of them asked what they were there for.

"Why," said the man who was asked, "don't you know we are here to ask Mr. Murphy to make Matt County Clerk."

"I didn't know that was it," replied the questioner. "I only knew we were here to do something for Matt and that was enough for me."

Donohue had no idea that his friends were to petition Murphy for the nomination for the County Clerkship for him and he was surprised when he heard the news.

HIGGINS IS RENOMINATED.

Alderman Will Continue to Fight for Free Ocean Baths.

Alderman Patrick Higgins, of the Third Assembly District, who made a determined fight in the Board for the official recognition by the city of the Evening World's plan to establish free bathing pavilions at Coney Island and Rockaway Beach, was unanimously renominated last night at the Monticello Club of the district. Mr. Higgins in his speech of acceptance said: "As a member of the Board, I believe it is my duty to have an eye to the interests of every district as well as particularly applying myself to the affairs of my home district. By this the Alderman meant that he was prepared to renew the fight in the Board for free bathing pavilions, although the paper does not refer particularly to his bathhouse.

ACH, THOSE DEPUTIES, SAYS GEORGE MORGAN.

four and when he was asked what there was so troublesome about registration that kept him going so, he replied:

"The lawyers I have on my list as deputies. You know a lawyer has to have trouble of some kind all the time to be happy and if he can't make it for some one else he'll make it for himself. I have been sitting up nights to keep the deputies out of trouble."

Frank Moss, who now comes to the fore in the political news, ran a red hot campaign newspaper during the reform campaign that elected Mayor Low. He had an assistant who didn't look unlike Moss and who occupied a desk in the same room with him where the newspaper was edited. One day a typical Bowery messenger boy came

along with a personal message for Moss. A reporter on the paper was standing just outside the door, and when the boy inquired for Moss the reporter said:

"The man you want is inside; the man with the glasses and the dark beard."

The boy went in, but almost instantly reappeared and looking up at the reporter said:

"Say, blokey, what are you yokes tryin' to do kid me? Dere's two yokes in here, wid big lamps and cashetas. Come in now, show me."

William F. Crowder is a Republican with lots of friends in Tammany Hall and he wanted to get some information from a district leader for a friend. The friend suggested that he write a note and send it by messenger, saying: "He'll be at the club-room now."

Crowder replied:

"That's an extravagant way to go about it. As soon as I get through with my mail we will go up in a car and see him and save 50 cents on the cost of the messenger."

So they started out. When they got to the club-room the leader had just left for a place near by and they

also in the park with some friends to dinner. Crowder said: "We've got to find him now," and he called a cab. The cab had started about 4 o'clock in the afternoon and at 10 o'clock came up with the man after an expenditure of \$1.50 for transportation and \$5 for dinner. When they got through the friend said:

"Well, you saved the 50 cents on the messenger boy, but if you would have economized this way I'm wondering how you'd get your coal in this winter."

JUDGE NEWBURGER'S COURT VACATED.

Judge McMahon Dismisses Jurors of General Sessions.

Judge McMahon dismissed the panel of jurors for Part II of General Sessions today and adjourned the court sine die. In explaining his action he said:

"You have probably learned that our distinguished and learned colleague, Judge Newburger, has withdrawn from this court to fill, I trust, a position of greater usefulness. The good wishes of his associates and colleagues and those who have been associated with him in the administration of justice go with him and remain with him."

TRAIN KILLS "OLD JOE."

Veteran of Franco-Prussian War Run Over—Engineer Looked Up.

An aged man, who occupied a shanty and was known only as "Old Joe," by the residents of the Hunt's Point section of the Bronx, was killed last evening by a dirt train of the New York Construction Company, near his home.

"Old Joe" is believed to have been about eighty-seven years old and a veteran of the Franco-Prussian war. Once when in a reminiscent mood, he told one of his friends that years ago he possessed much wealth.

Martin Kauffman, of No. 261 West Thirtieth street, engineer of the train, was looked up.
